NATIONAL SUPPLIERS

TIP specializes in diamond powertool consumables.

This specialization ensures excellent product knowledge, back-up and support. Price to performance is our promise, and value to both retailers and end-users is our mission.

Major categories include diamond blades 110mm-350mm, diamond cup grinder wheels and Vacuum-Brazed diamond core drills/bits in both M14 and Hex attachment. These drills outperform & outlast standard available diamond electroplated drills.

20+ Year track record, serving major national and cross border retail chains means we have the experience and expertise to make our commercial relationship a success.

We look forward to serving you.

Surface clean-up and prep. Ideal for levelling and removing old tile cement.
Smooths masonry joints and surfaces. Lightweight composition, increased control.

The **TIP** Advantage

- 01. HIGH-SPEED CUT RATE**
Increased productive output.
- 02. LONGER LASTING**
Reduced downtime.
- 03. THINNER DIAMOND BLADE**
Less dust, neater cut, less chipping.
- 04. SEAMLESS CUTTING**
Reduced machine-load / over-load / burnout.
Maintenance & repairs. Reduced operator fatigue.
- 05. REDUCED DISK CHANGES**
Reduced wear on operating equipment and maintenance costs.
- 06. SAFER, LOWERED RISK OF ACCIDENT**
Less breakages.
- 07. MINIMAL VARIANCE IN BLADE DIAMETER**
New vs. used. Constant and sufficient chasing depth when installing tubing/pipes. Reduced effort and labor.
- 08. WET CUT OPTIONAL**
- 09. EN13236 CERTIFIED**
European Standard for safety requirements - diamond cutting blades.
